

Provision for International Students Report

School Name: Sacred Heart Girls' College (N Plymouth)

Profile Number: 174

Location: New Plymouth

Background

The Education Review Office reviews schools that are signatories to the *Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021* established under section 534 of the Education and Training Act 2020.

Findings

Sacred Heart Girls' College, New Plymouth has attested that it complies with all aspects of the Code and has completed an annual self-review of its implementation of the Code. The self-review process is thorough and considers all aspects of the Code of Compliance benefitting from the experience of the school's International Student Coordinator and the International Dean.

At the time of this review there were 3 international students and no exchange students. The school intends to wind down its international student provision over the next two years.

International students are accommodated in homestays where the students enjoy positive relationships. Students feel welcomed by adults and students who have made them feel part of the wider community by inviting them to participate in all aspects of school life. There are opportunities to connect with international students from other schools.

Students appreciate the support of teachers who respond to their learning needs in the classroom and targeted English as a Second Language tuition is provided. Academic programmes are adapted to ensure student success and pathways beyond school. Pastoral support is readily available with personalised induction and frequent proactive check-ins.

Sharon Kelly
Acting Director of Schools
